

WEEKLY UPDATE WITH PHOTOS For week commencing 14 November 2022

- The high-reach excavator will be used to demolish the existing Thamesview House structure and is due for delivery on Friday, 11 November 2022.
- The 'soft strip' of all timber and asbestos-containing material is now complete.
- The electricity and gas connections to the existing building have been disconnected.
- The demolition works to the existing structure are due to begin next week (14/11/2022). This will most likely cause an increase in noisy works.
- Due to the nature of the works, minor vibrations will likely be experienced by some residents throughout the duration of these works.
- Noise monitoring will be carried out on a regular basis.
- We will aim to keep the dust created during the demolition process to a minimum.
- There will likely be an increase in skip lorries over the coming week.

Soft Strip in Progress
